

Update Disclosure Profile

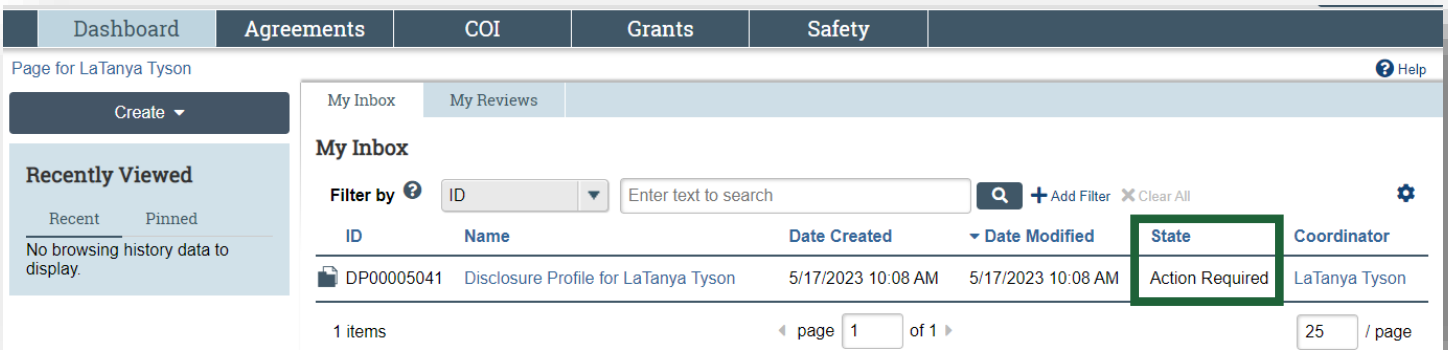

The Disclosure Profile is the focal point of the RAMP COI system for the discloser. It provides a summary of discloser's interest and everything that was disclosed previously.

Disclosers need to disclose their interests related to their institutional responsibilities. They also need to complete training related to the regulations and their institution's conflict of interest policy.

Update Disclosures

As a discloser you need to record your interests in the RAMP COI system. You will receive an e-mail notification when you need to disclose your interests in RAMP COI. You can either click the link in the e-mail notification or go to your Disclosure Profile in the RAMP COI application to disclose your interest. You can refer the Instruction Center in the Disclosure Profile for the action that you need to take and also the reason for that action.

Note: You need to update your profile if your Disclosure Profile is in the Action Required state.
