

## Grants

### **All Users**

- Updated Grants maps to support mapping of up to 10 other direct costs in SF424 RR budget forms in Section F - Other direct costs
- Interface improvements for Grants Reports
- Users can now toggle among three displays in the budget cost section: Show Effort, Show Totals and Edit. The Edit button will only be displayed when the budget is editable for the logged in user.
- Disregard the Monthly Salary cap, Annualized Sal & Monthly Rate calculations for non-twelve-month employees
- Individuals with edit access to an award record can update/complete deliverables
- On proposals & Awards & Award Mods, expose Ancillary Review activities in all workflow states
- Ancillary review recipients retain project access after completing review for both proposals and awards
- When proposal department is changed, recalculate department reviewers
- Awareness on proposal and award records of subrecipients risk level
- Under Budget Reconciliation, Budget category Other Expenses 99998, will no longer be visible for new awards records, but will be visible on award records created prior to the upgrade.
